Piuro

Kitchen organisers

Piuro is a distinctive family of eye-catching products that provide an attractive home for kitchen items while keeping counters neat and tidy. These superb organisers are truly multifunctional, with applications throughout the home – from living areas to bathrooms, studios and beyond.

Piuro Box

Storage box for herbs, spices and bottles

Piuro Mini Tray

Small tray for frequently used items such as spices and bottles

Piuro Maxi Tray

Large tray and serving tray

Piuro Sink

Sink caddy for your washing-up accessories

Piuro Board

Chopping board holder suitable for boards and trays of all sizes

Piuro Paper

Kitchen roll holder for neat and tidy counters

Piuro Sink

Sink caddy for organised worktops

Clean and tidy washing-up! Use the Piuro Sink caddy to organise your washing-up accessories. Grab your brush, soap and sponge whenever you need them – and quickly put them away again when you're done. There's even a perfect place to keep your cloths.

The handy silicone tray collects dripping water after you've finished the washing-up. To clean the tray, just remove it from the caddy and rinse it under running water. The result is a positively gleaming sink surround.

Piuro Paper

Kitchen roll holder for organised worktops

Piuro Paper – the sleek and handy countertop holder for your kitchen roll. Featuring high sides that protect your kitchen roll from splashing water, Piuro Paper is not only discreet, but practical – when you need a sheet of paper, just tear it off with one hand.

Piuro Box

Storage box for organised worktops

Piuro Box is a decorative storage container for herbs, spices and bottles that helps you keep kitchen counters neat, tidy and clean! The integrated silicone tray keeps delicate worktops free from grime and oil stains and is easy to clean under running water.

peka

Piuro Mini Tray

Small tray for organised worktops

Piuro Mini Tray holds frequently used items such as spices and bottles. They can be quickly stowed away while remaining within easy reach. Piuro Mini Tray can also be used as a small serving tray, for example for milk and sugar when serving coffee. The silicone mat keeps delicate surfaces free from grime and is easy to clean under running water.

Piuro Maxi Tray

Large tray for organised worktops

Piuro Maxi Tray is not only the Piuro product family's serving tray, but also an excellent tool for organising spices and bottles to help ensure your worktops stay clean and tidy. The silicone mat keeps delicate surfaces free from grime and oil stains and is easy to clean under running water.

Piuro Board

Chopping board holder for organised worktops

The Piuro Board chopping board holder is perfect for day-to-day food preparation. Simply put your washed-up chopping boards in the holder to dry and they'll be ready for use whenever you need them. Piuro Board can be used for boards and trays of all sizes – as well as a book stand or magazine rack.

Innovation as a tradition

Your enjoyment of your home is our chief concern. We at peka are passionate about enhancing your enjoyment of your home with our practical, flawlessly made furniture fittings that combine an attractive appearance with unmatched quality.

We have been developing and manufacturing innovative, inventive and durable pull-outs and storage solutions for the kitchen and furniture industry for over half a century. peka products make full, efficient use of storage space and maximise convenience for users. They are now popular with customers in over 50 countries worldwide.

peka was founded by Ernst Weber in 1964. From 1974, his son Peter continued developing the company's products, successfully rolling them out to international markets. Siblings Beni Weber and Sandra Weber Blättler joined peka in 2006 and have co-run the company since 2015, making them the third generation of the family to manage the business.

The company's development has been driven by innovation. We aim to come up with originals that work better than copies. More than 70 international patents stand testament to peka's ingenuity.

«For us, it's all about making the best possible use of space in cabinets and ensuring a good overview and easy access.»

MADE IN THE SEETAL, THE HEART OF SWITZERLAND

peka products have always been developed and manufactured in Switzerland. The company's head office is in Mosen, on the shores of Lake Hallwil near Lucerne.

Our products are manufactured under one roof, applying cutting-edge technology, process expertise and high levels of automation and vertical integration – from raw sheet steel to the finished product. State-of-the-art infrastructure is key to efficient production in Switzerland.

peka's success is based on a real team effort. As such, our 140 employees are responsible for the ongoing development of the products and the company. Their curiosity and openness to new ideas as well as their desire to harness state-of-the-art technologies and the opportunities offered by digitalisation provide a driving force moving us forward.

RESPECT FOR OUR ENVIRONMENT

Longevity and sustainability are absolutely central to the development of peka products. We understand that the longer our products can be used, the less impact they have on the environment.

That's why we use only high-quality and durable materials manufactured using the latest, environmentally

friendly processes, and guaranteeing a long service life for our products.

The sustainability of our products and processes is continuously optimised: from production to space- and energy-efficient packaging through to practical use.

100% electricity of renewable energy

CO₂ reduction since 2015

FSC certified packaging

Long lasting products

Purely recyclable products
