

PEKA WASTE SYSTEMS

 SWISS STORAGE DESIGN

WE KNOW WHAT WE'RE TALKING ABOUT

SWISS QUALITY YOU CAN RELY ON

peka has been developing and producing kitchen waste containers and sorting systems for over 30 years, finding tailor-made solutions to suit the most diverse needs.

Thanks to our position as a pioneer in the field, we know what really matters. Our products are designed to last. Our sliding systems are made of top-quality steel and have a load capacity of 110 kg, while our containers are made of robust, environmentally friendly, recyclable plastic – and everything is developed and manufactured in Switzerland.

BECAUSE YOU NEED IT 32 TIMES A DAY

User-friendliness is our top priority when we design our systems, so we take care to ensure that they are easy to access, use and clean.

The waste bin is the most frequently-used piece of kitchen equipment. A well-designed bin that is tailored to your needs makes it much easier to work and clean in the kitchen!

Oeko Universal

The modular waste system that is compatible with all standard drawers.

Oeko FreezyBoy

The practical waste system with the FreezyBoy bin for organic waste. Chills organic kitchen waste to -5°C .

Oeko Complet

The modern waste system with robust pull-out runners.

Müllboy Standard/Müllboy Big

The simple waste bin for hinged doors.

OEKO UNIVERSAL

The modular waste system that is compatible with all standard drawers

A container for everything. 40-litre container + two 17-litre containers plus one 6-litre and one 1.2-litre container.

40-litre container combined with a 17-litre container.

40-litre container combined with a multi-purpose Oeko Bag.

40-litre container combined with a Spider bottle partition.

OEKO FREEZYBOY

The practical waste system with the FreezyBoy bin for organic waste.
Chills organic kitchen waste to -5°C

No unpleasant odours

No pests

Stores organic waste in the kitchen for as long as you like

Can be cleaned easily and hygienically

The FreezyBoy compost bin is also available separately as a stand-alone system (FreezyBoy One).

40-litre container combined with FreezyBoy, a world first.
The inner container is easy to remove for emptying and cleaning.

OEKO COMPLET

The modern waste system with robust pull-out runners

6-litre container for organic waste storage and composting.

40-litre container combined with one 6-litre and one 1.2-litre container.

Stable sliding system with a load capacity of 110 kg.

Clipped in quickly and easily

With our patented tensioning system, you can clip waste bags into the bins in a trice.

Thanks to the flexible spring fastener, you can easily use waste bags of various sizes (15 to 35-litres) – depending on your preferences, you can even opt to use two small bags rather than one large one.

Solid metal pull-out shelf

This pull-out metal shelf is a handy place to store waste bags, cleaning materials, a dustpan and brush, and other small utensils.

Making best use of waste bags

Thanks to the spacious design of the 40-litre bin, you can fill waste bags right to the brim and remove them easily once they are full.

Hands-free opening

A convenient solution for hands-free opening or for unit fronts with no handles.

Fitted frame

The fitted frame gives the system an attractive appearance and ensures that the waste falls tidily into the bag.

MÜLLBOY

The simple waste bin for hinged doors

Müllboy Standard with Sesam Mini shelf system:
Easily mounted on the left or right side of the unit.

Müllboy Big: The round metal bin offering maximum
space for all sorts of waste. The lid lifts as the door is
opened.

HOUSEKEEPING

For organised storage of cleaning and housekeeping items

- 1 Sesam Standard + Sesam Mini for cleaning cupboards
- 2 Kitchen Tower base unit pull-out
- 3 Dustpan and brush holder
- 4 Libell broom holder
- 5 Pesolo pull-out
- 6 Multi-purpose bag Oeko Bag
- 7 Peroko 5 pull-out for cleaning products
- 8 Libell hook rail

A TIDY, HYGIENIC KITCHEN WITH NO EXTRA EFFORT

Studies have shown that the average waste bin is used 32 times a day, making it the most frequently-used piece of kitchen equipment.

What are your needs?

- Do you compost your organic waste?
- What do you want to recycle?
- Is it important for you to be able to fill a 35-litre waste bag right to the top without removing it from your waste system, or do you prefer to use smaller bags?
- Would you like to store cleaning materials, like a sponge and a dish-washing brush, in your waste system?

No matter what your needs are, peka has the perfect system for you!
Having the right system really takes the stress out of dealing with waste.

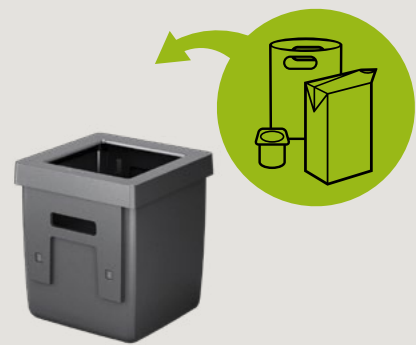

WASTE SORTING AND DISPOSAL

Recycling

The generously-sized 17-litre bin is the ideal solution for collecting PET packaging, glass, tins, plastic bottles and paper.

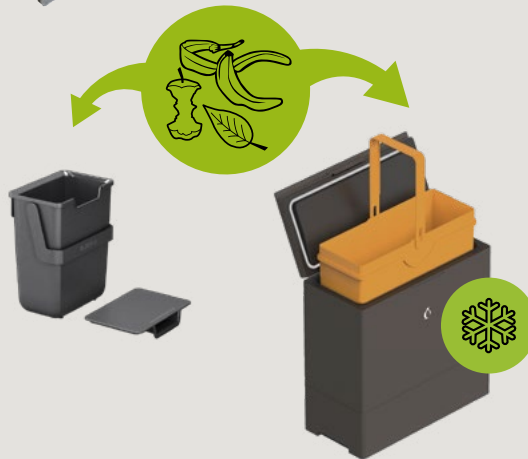

Non-recyclable waste

You can fit the 40-litre bin with one 35-litre bag or two 17-litre bags for your non-recyclable waste, depending on your preferences.

The bins spacious design enables you to fill waste bags right to the brim and remove them easily once they are full.

Organic waste

You can collect your peelings, coffee grounds and food scraps in the 6-litre bin, either placing them directly in the bin or using a composting bag.

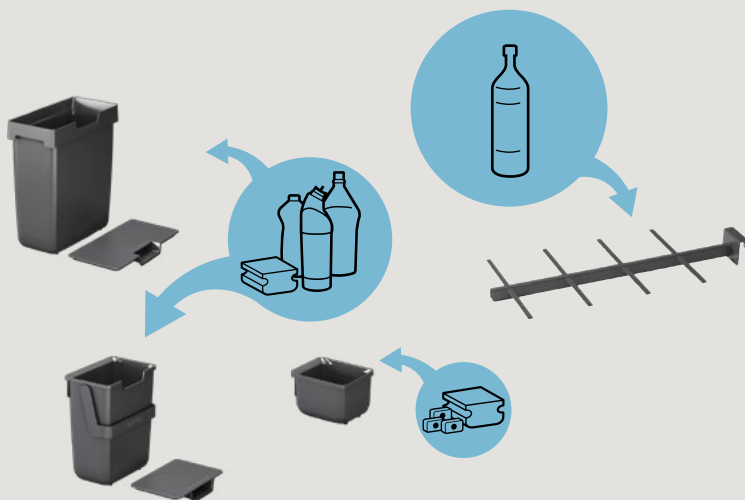

A world first!

FreezyBoy is a unique cooling appliance that chills organic waste to -5°C . This prevents decomposition and banishes unpleasant odours. Thanks to FreezyBoy, food scraps and peelings can be stored in the kitchen for weeks at a time.

A PRACTICAL STORAGE SOLUTION

Why not store cleaning products, dishwasher tabs, dishwasher salt, sponges and brushes in your waste system to free up more useful space on your work surfaces?

The 6-litre bins high walls make it the perfect place to keep bottles, and the handy small bin and pull-out solid metal shelf offer plenty of space for stowing away various utensils.

With Quooker, you can have boiling water (100°C) on tap.

JUST AS MUCH AS YOU NEED

PEKA'S OTHER AREAS OF EXPERTISE

KITCHEN

Are you planning a new kitchen? Then do it with peka. We will pull out all the stops to ensure that your kitchen not only looks good, but also – and more importantly – makes your work easier.

From spacious larder unit pull-outs and smart corner storage solutions to handy waste systems, peka's ingenious mechanisms and kitchen and furniture fittings will soon have you feeling right at home in your new or renovated kitchen.

DRESSING ROOM AND LIVING AREA

It is important to bear storage space and convenience in mind when you are planning your dressing room or living room units.

Pull-out shelves give you a clear overview of every last item stored in your wardrobe. Dresses, shoes, trousers or accessories – choose the right peka storage solution to store all your favourite items carefully and stylishly.

BARRIER-FREE LIVING

peka's product range features a lot of items that are perfect fits for barrier-free kitchens and living areas.

They help people with limited mobility to independently improve their quality of life by making things that bit more comfortable and convenient.

ABOUT US

Your enjoyment of your home is our chief concern. We at peka are passionate about enhancing your enjoyment of your home with our practical, flawlessly made furniture fittings that combine an attractive appearance with unmatched quality.

We have been developing and manufacturing pull-outs, accessories and smart interior solutions for the kitchen and furniture industry for over fifty years. Thanks to our steadfast commitment to finding out exactly what our customers want, our products are always designed to respond to real needs, so it is only natural that they stand out through their user-friendliness, unparalleled quality and space-saving design.

Our unwavering dedication to producing inventive, space-saving solutions and our

resolute refusal to compromise on quality and functionality have made us a global leader in our industry. Today, we are one of the top market providers of larder unit pull-outs, slide-out corner systems and ecologically designed waste sorting systems. Our numerous international patents stand testament to our ingenuity.

peka-metall AG was set up as a family-run business in 1964. Its head office is in Mosen, on the shores of Lake Hallwil near Lucerne. As an independent Swiss manufacturing and trading company, it has established a leading position in the furniture sector. We currently employ around 130 people and sell our products in over 50 countries around the world.

peka – combining smart innovations with Swiss quality since 1964. 

ISO 9001
BUREAU VERITAS
Certification

We remain committed to our high standards: We have developed and manufactured fittings and accessories for kitchens, bathrooms and living spaces at our site in Switzerland since 1964. Our 50 international patents ensure that the original products are always better than copies.
