LIRO

—

THIN-WALLED AND HIGHLY STABLE METAL SHELVES THAT WORK WITH AND WITHOUT RAILS.

Liro shelves fit with the customer's style as they can be combined with rails for a tailor-made look. Users can choose to pair the shelves with rails made of solid oak, which are the perfect complement to wooden front panels and warm colours, or, alternatively, they can opt for glass, compact laminates, aluminium or another material.

Without rails, Liro shelves ooze calm sophistication.

Liro is defined by its clean lines and uncomplicated shape, yet the details of the new design reveal peka's exceptional expertise in metal processing. The shelves are made of top-quality coated sheet steel, folded with millimetre precision: every angle is exactly right. This material, so typical of peka products, allows designs with very thin walls but no compromise on stability. The shelves are easy to clean thanks to their even surface, and they can be recycled as a single material at the end of their life.

Versatile design enables multiple styles

Shelves in white, silver and anthracite can be combined with solid oak railings or other material of choice. Single shelf design suitable for multiple customer segments.

A clear, organised storage solution for narrow units

Hochschrank Standard larder pull-out:
Compact larder unit with front pull-out for narrow spaces.

When you open the front pull-out, all the items stored in the unit slide out to where you can see them.

Keep track of everything in your larder unit!

Pleno Maxi larder pull-out: User-friendly larder pull-out for units with hinged doors, offering an unbeatable overview and excellent accessibility.

The shelves slide out of the unit automatically when the door is opened. The upper section features both door shelves and unit shelving.

Optimal use of narrow base units

Pinello Board base unit pull-out: Open the front pull-out for direct access to chopping boards and baking trays or the two to four levels of storage space.

Pinello Cargo base unit pull-out: The ‚big daddy‘ of base unit pull-outs boasts an incredible amount of storage space. Full-extension system for 200/300-mm-wide base units

Pinello Towel towel rail extension: With Pinello Towel, you can hang your towels out of sight to dry. It also offers plenty of storage space for cleaning products and brushes.

Pinello Spice base unit pull-out: The slim base unit pull-out with a surprising amount of storage space. Thanks to its thin-walled metal shelves, it makes maximum use of the 150-mm unit width and offers ample space for bottles and spices.

Extendo pull-out shelf with wooden rail: The ideal internal pull-out. Extendo takes up almost no unit space thanks to its thin walls made from extremely sturdy sheet steel.

Understated elegance
from the kitchen to the living room

Extendo pull-out shelf: Optional with non-slip mat made from hard-wearing silicone

Optimal use of space in corner units

Magic Corner Comfort corner unit pull-out: The front shelves swivel right out of the unit, softly and smoothly, while the back shelves glide forward and can then be pulled out individually.

Magic Corner Standard corner unit pull-out: When the door is opened, the attached shelves swivel out and the back shelves automatically glide forward into the front of the cabinet.

Pegasus wall unit lift: Pegasus lowers shelves out of the wall unit to where you can see and reach them and then moves them back again, with a motion support system in both directions.

Day-to-day use soon highlights the difference between good design and perfect design.
