Pecasa Living

|□

Cosy and customised: choose components in your favourite colours and materials for that personal touch. The central wall profile makes it easy to add lighting or a TV.

« Our house has a lot of character. It is full of nooks and crannies, and the rooms are not a uniform shape. I searched and searched for the right shelving system for our home – with Pecasa, I finally found what I was looking for. »

① You can add lighting or a
TV to your Pecasa system
thanks to the cable duct in
the side of the wall profile
② Shelves with built-in light
strips.

①

Smart Furniture by peka

Pecasa means smart living for greater comfort, allowing
you to enjoy maximum flexibility with minimum effort. You
can attach any combination of shelves, cabinets, desks
or clothes rails to the central wall profile and reposition
them however you like. Ideal for living areas, home offices,
dressing areas or hallways.

②

Pecasa Home Office

These days, practically every household has a home office. A home office has to provide space for a range of different needs: it should be a place to live and work, be just as welcoming for kids as for adults, and offer ample storage space and a decent work surface.
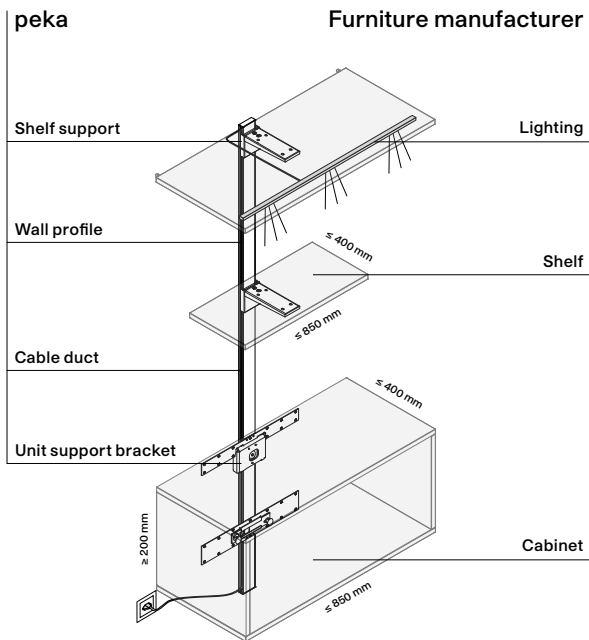

①

②

① Smart carry box for everyday use
② Practical metal paper tray

How the Pecasa system works

Pecasa consists of a few simple, but highly versatile components that can be combined in an infinite variety of ways. peka supplies a wall profile with a built-in cable duct, plus shelf supports, unit support brackets and metal shelves. You then arrange them however you like to create your own personalised furniture solution. You can even add lighting or a TV to your Pecasa system thanks to the cable duct in the side of the wall profile.

peka | Furniture manufacturer

Shelf support — Lighting

Wall profile — Shelf ≤ 400 mm, ≤ 850 mm

Cable duct

Unit support bracket — Cabinet ≤ 400 mm, ≥ 200 mm, ≤ 850 mm

Flexible design

Thanks to its central wall profile, Pecasa is the last word in flexibility: its modular components can be moved into any position at any time, be they table tops, shelves, cabinets, or other items.

You are free to choose a symmetrical or an asymmetrical look, use the whole height of the profile or just part of it, or lay out your components in a centred or staggered alignment. The choice is yours!

Pecasa Dressing

Whether you have an elegant dressing room or just a corner in the bedroom, Pecasa is a perfect fit. Your favourite clothes should be stored with care and remain as crease-free as possible.

« For so long, we dreamed of having a dressing room that was tailored to our needs. Now our dream has finally come true – and our dressing room is exactly how we always wanted it. »

Pecasa Hallway

Hallways are often narrow, so it is important to make best use of the available space. At the same time, they play a key role in people's first impressions of your home. A compact, yet classy Pecasa system is the answer.

①

②

①   **Space-saving hook rail**
②   **Elegant metal shoe rack**

Benefits at a glance:

\+ Does your home have sloping ceilings, recesses and different ceiling heights? No problem: Pecasa is the perfect fit for any space

\+ You are free to choose shelves, cabinets and desks in the colours and materials that best suit your space.

\+ The smart built-in cable management solution makes it easy to add lights or a TV to your Pecasa system.
