

# Base unit pull-out

## No. 15 base unit pull-out

Two-tier pull-out system for very narrow base units

The two-tier pull-out system with a load capacity of 12 kg for very narrow base units (150 mm).

The No. 15 base unit pull-out makes great use of even the smallest nooks and crannies. Typically fitted around the sink or cooker or at the end of a row of kitchen units, the No. 15 pull-out provides enough space to store spices, oil, vinegar or cleaning materials. The unit opens with a single movement of the hand, giving you a complete overview and easy access to the contents. Its shelves with structured metal bases prevent your items from slipping. The No. 15 pull-out also impresses with its smooth, quiet running action and soft closing.
