

Towel rail extension

No. 15 towel rail extension

Towel rail pull-out for very narrow base units

The towel rail pull-out for very narrow base units (150 mm).

With the No. 15 towel rail pull-out, you can make great use of even the smallest nooks and crannies. Typically fitted around the sink or at the end of a row of kitchen units, this pull-out lets you store your towels out of sight, while still leaving plenty of space for a variety of cleaning materials. Its structured metal base prevents your items from slipping. The No. 15 towel rail pull-out also impresses with its smooth, quiet running action and soft closing.
