

# Base unit pull-out Pinello Spice

Full-extension runner for very narrow base units

Open the front pull-out for direct access to the full two to four levels of storage space.

Pinello Spice is the slim base unit pull-out with a surprising amount of storage space. Thanks to its thin-walled metal shelves, it makes maximum use of the 150-mm unit width and offers ample space for bottles and spices. Pinello Spice operates with concealed runners, providing a complete overview and easy access to your stored items immediately after opening. As with all members of the Pinello family, the extra shelf gives you one or two additional levels, which you can retrofit at any time without using tools. Each shelf has a removable silicone mat that prevents the contents from sliding around.
