

Towel rail extension

Three-arm, pull-out towel rail for base units

Pull the towel rail out of the base unit and use as required.

Tucked away but always within easy reach! With this extending towel rail, your towels can be hung up to dry out of sight. When you need them, simply pull the arms out of the unit and the towels are conveniently to hand. The towel rail will fit in all spaces as the arms can be tilted to any angle. What's more, it is easy to install so can be retrofitted anywhere in your home.

Technical data

Design line	Excellent
Colour	mat chromed
Interior width min. (LB)	60-108/75-150 mm
